

## **Subject: The Blue Sky—Wang Keju's Painting Exhibition**

Dear F. Y Art Space,

I'm writing to offer my suggestion for your art foundation's F.Y Art Space display. I intend to share some of my local landscape paintings with you as part of this exhibition of natural history and art, which I find to be extremely relevant. Please find attached my application for a gallery show, cover letter, artist statement, gallery exhibition proposal, image description sheet, and examples of my work.

### **1. Cover Letter**

Panming Li is an international student from Huzhou in Zhejiang province, China. One of her many artistic inspirations is a traditional artist named Guanzhong, Wu, who made watercolor paintings of Chinese landscapes. She is completing her BFA at Thompson Rivers University. Li hopes that her paintings of landscapes inspire people to appreciate the world's natural beauty and protect its future. I believe my landscapes fit perfectly with your gallery.

### **2. Gallery Exhibition Proposal**

I support the exhibition's topic since my landscape paintings deal with F. Y Art Space.

The works I want to exhibit are:

Bamboo: An Acrylic Painting created in 2023. The size of the work is 18\*24.

### 3. Artist Statement

As an artist, I am passionate about capturing the essence of my hometown, Huzhou, through my paintings. My work explores Huzhou's rich history, architecture, and culture, and the interplay between these elements and the surrounding environment. Through my art, I hope to share the beauty of Huzhou with a wider audience and encourage greater appreciation for the natural world and its preservation.
